you surrender yourself to Me as you remember;
I had then sent you My angel Daniel

were part of your ordeal; Daniel's work
was to bring you to Us; it was I who
called you; I nursed you back to
health with love and tenderness; I charmed
you with My beauty, I healed you so
that you would be, a fruitful tree;
I showered down learnings and discernment
on you and dictated to you My messages;
I am revealing My Face to you all;

Wisdom is delivering her resources not only
to the just but to the unjust too;
I love all of you; so I tell you:
grow in My Spirit, grow like the
cedars spreading your branches wide; I
have raised you to be My bearer to bring
back to Me all those who are leading
wicked and foolish lives; I will take you
on My wings and go around My vault;
covering the earth like mist, from heights
to depths, across the seas I will take you;
I and you will cover the whole earth

down and ran to see who was this.
I saw a tall man, and I understood that
he was my guardian angel. He said:
" Why do you fear?" I said: " I'm
afraid from the snake, it is loose." He
said: " I will go and chase it away."
He went in the kitchen and when I was
going away I thought: " Perhaps I should
also help him." So I went also in the
kitchen. This man opened wide open
the kitchen door, then took a stick and
with that tried to cast it out, while I
was making so much noise, waving my
hands and stamping my feet to frighten
it away. Everytime the snake wanted to
escape and was coming my way, I stood,
stamping my feet, blocking its way. It
panicked and in its panick it went out
of the house. Once out the guardian angel
slammed the door shut. There was
a window on the right side of the door.
Both my angel and I looked out to
see what will happen to the snake.

It went out sliding down the stairway.
But the stairway was very busy with
people going up and down and so, fright-
ened lest it would be tread upon it made
its way back to the house. But it found
the door shut. Then, it really panicked.
It slipped down the stairway very quickly
into a hall and out of the wide glass-
doors of the hall. The minute it crossed
the threshold of that glass-door the snake
was transformed into a gigantic ugly toad.*1
It find itself surrounded by snow and
iay weather. There were people who saw
it out there and the minute they raised
the alarm, from a toad it took the
form and shape of a woman*2. But
the evil spirit was recognized and the
people caught her and strapped her tying
her — While doing this I felt that
the straps were not so secure and that
one day again she will escape.
